Plain Language Descriptions for the Basic Horoscope.

Provided by:

Below is a basic description of the main components of your chart. Memorizing these points about your chart will give you the ability to describe it to any astrologer say at a party, or over the phone. These are the main points that any Vedic Astrologer would need to know before discussing your chart. The zodiac is a belt of stars that surrounds the equator of the Earth and is divided into twelve major divisions of space each being 30 degrees of the total 360 degrees of space surrounding the Earth. At the time you were born, one of these twelve signs was visible in space on the Eastern Horizon from the place you were born. This "rising sign" sets up the basic structure of your chart and is very important. It is a physical fact that the exact zodiac sign specified in your Vedic chart *was actually rising* on the Eastern Horizon as seen from the city of your birth. Also, the positions of the planets given in your chart *were actually exactly where* the planets were at the time of your birth. Counting the zodiac signs *from your rising sign* sets up the *houses* of the chart. Each sign is *ruled* by one of the planets, who is then called *the lord* of that sign. Since each sign is in their order *one of the houses* then each planet becomes therefore *lord of a house*. Actually, most planets rule two houses each, except the Sun and the Moon, which rule only one each. Each house stands for different affairs of life, and the *lord* of the house carries that aspects of life with it wherever it has gone to in the chart. For example, the *lord of the 9th house* carries with it the ability to grant fortunes, so the house it goes to in any chart is greatly benefited. Therefore, if the lord of the 9th house is in your 2nd house, which rules your bank balance situation, then it grants an increase in fortune there, meaning it is a good placement for wealth. Now let's list out your basic placements:

You have Aries rising. This is also called "your Ascendant" or "your rising sign", and in India it is called your "lagna" pronounced "lug-na". Since the signs always proceed in a set order from the rising sign, you thus have Taurus in your 2nd house, Gemini in your 3rd house, Cancer in your 4th house, Leo in your 5th house, Virgo in your 6th house, Libra in your 7th house, Scorpio in your 8th house, Sagittarius in your 9th house, Capricorn in your 10th house, Aquarius in your 11th house, and Pisces in your 12th house.

The Sun is in the 2nd house, in Taurus.
The Moon is in the 11th house, in Aquarius.
Mars is in the 12th house, in Pisces.
Mercury is in the 2nd house, in Taurus.
Jupiter is in the 9th house, in Sagittarius.
Venus is in the 1st house, in Aries.
Saturn is in the 9th house, in Sagittarius.
Rahu is in the 5th house, in Leo.
Ketu is in the 11th house, in Aquarius.

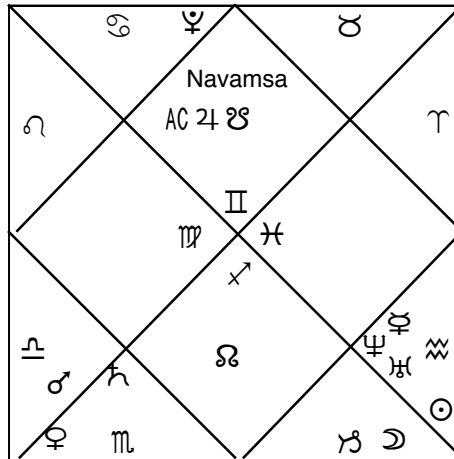

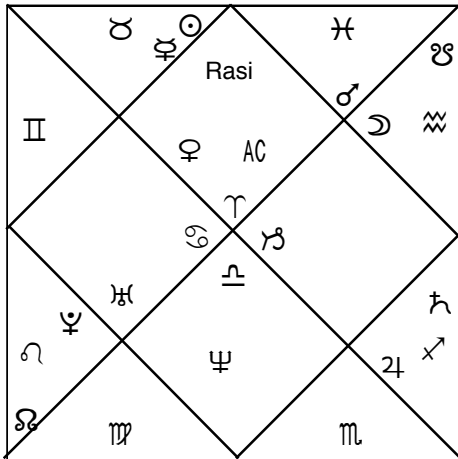

Mars is lord of the 1st house and is in the 12th.
Venus is lord of the 2nd house and is in the 1st.
Mercury is lord of the 3rd house and is in the 2nd.
Moon is lord of the 4th house and is in the 11th.
Sun is lord of the 5th house and is in the 2nd.
Mercury is lord of the 6th house and is in the 2nd.
Venus is lord of the 7th house and is in the 1st.
Mars is lord of the 8th house and is in the 12th.
Jupiter is lord of the 9th house and is in the 9th.
Saturn is lord of the 10th house and is in the 9th.
Saturn is lord of the 11th house and is in the 9th.
Jupiter is lord of the 12th house and is in the 9th.

This next section shows in which house the lord of each house resides. This is an important part of creating the readings for a chart. The houses stand for various parts of life. The planet that is the "Lord" of the sign filling a particular house is responsible for delivering much of that house's effects. The house where that Lord resides receives that influence, for example. Each house stands for many things, so the combinations in this way are many.

This is one of six different factors contributing to the judgement of a planets strength in the horoscope. A planet may be strong or weak here, but this is not the only qualification by which the planet's effects are to be judged. However, this is one of the most immediately important factors for astrologers to use.

A variation of "Daridra Yoga" is present in your chart. At times you will experience some poverty or financial difficulties. This is a common and general combination that many people have, and it accounts for the general type of troubles that come and go in most of our lives.

Both, your first and your seventh Lord are aspecting the seventh house, which creates a weak Raja Yoga effect only by aspect.

Both, your first and your tenth Lord are aspecting the sixth house, which creates a weak Raja Yoga effect only by aspect.

Both, your first and your ninth Lord are aspecting the third house, which creates a weak Raja Yoga effect only by aspect.

Both, your first and your tenth Lord are aspecting the third house, which creates a weak Raja Yoga effect only by aspect.

If Rahu is in the fifth house and not in a Saturn Navamsa, "Bahaputra Yoga" arises, which can cause you to have a good number of children, if other factors in the chart support this further.

Jupiter, the second house and its Lord are strong, which promotes wealth and fortune throughout life. However, Jupiter conjoins or is aspected by a malefic, which might at times cause some ups and downs regarding wealth, or you will attain it through hard work.

The Lord of the eleventh house of gains is well placed, as it occupies the ninth, the fourth, or the eleventh house. The comforts of nice dwellings and fine vehicles shall be known to you in some way.

The Lords of your ninth and tenth houses occupy the ninth house, which creates a special Raja Yoga called "Karma Dharma Adhipati Yoga". The ninth house is the most blessed house in the chart and is known as the "Dharma Bhava" or house of religion and overall fortune in life and the very important tenth house is known as the "Karma Bhava" or house of career and overall success of activities in life. When these two Lords are conjoining, it is highly beneficial for the significations of the house they occupy, in your case the ninth. This is one of the top best placements to

The ninth house is the most blessed house in the chart and is known as the "Dharma Bhava" or house of religion and overall fortune in life. Your chart shows one of the famous "Pancha Mahapurusha Yogas", "the five planetary combinations, that create great people". They arise, when Mars, Venus, Mercury, Jupiter or Saturn occupies it's own or exaltation sign in the chart, while being in an angular or trinal house. These are very useful, but fairly frequently occurring Yogas and they do not always give the promised effects, as the involved planet needs to be strong, well-placed and free from Malefic aspects. In your case, it is Jupiter, creating "Hamsa Yoga", which means "Like a swan". This is a real compliment in India as the Swan represents purity and grace and is the bird of spiritual knowledge in the Vedic scriptures. If the Yoga manifests not only from the Ascendant, but additionally from the Moon and the Sun Lagnas, then it will be accordingly more powerful. If Jupiter is in its exaltation sign, the dispositor needs to be strong, in order to provide the results. A strong and well-aspected Jupiter will bestow good Jupiterian qualities upon the person, and when the planet is in an angle, the characteristics tend to also show on the physical level, as opposed to planets situated in trinal houses, that tend to manifest more subtly. Your body tends to be well built and healthy, and you should be liked by others. You are righteous, compassionate and generous in disposition and pure in mind. People with a strong Jupiter often have a philosophical, religious or creative nature, therefore, this placement is commonly found in the charts of religious, business, conservative or liberal leaders and teachers. Your life overall goes smoothly and you're protected and attract good fortune into your life. You tend to have a distinctive self-esteem, especially, if Jupiter is in the ninth house. It can also make a person self-promoting and overly opinionated, but even then they will probably always maintain some connection to divine truth, morality and ethics. Jupiter is the ultimate benefic amongst the planets, therefore this is an overall very blessed placement, and if it aspects the Ascendant or the Moon, the above mentioned qualities are augmented.

Jupiter is in a kendra or Jupiter is in a trine, and Jupiter is in it's own sign or Jupiter is exalted, and Jupiter a benefic.

Your Signs

12-When Pisces occupies the twelfth house, you become interested in religion and ethics. You are prepared to sacrifice a considerable portion of your life in the pursuit of such subjects. Your idealism may kill you.

Pisces is in 12.

Aries in the Ascendant allows you to be fearless, ambitious, courageous, and eager to take initiative. An idealist by nature, you strongly want to contribute to society and you wish to change things. Routine is not for you, you like originality and fresh beginnings, and you want credit for your achievements. You create awe and radiate energy in achieving your goals, which makes others uncomfortable. You will find difficulties when dealing with women, education and expressing yourself. To obtain your highest potential, you need full freedom without restriction. Your idealism may create some contradictions. Outwardly you will be active, but inwardly lonely and frustrated. If you could be freed from mundane entanglements, you could readily attain to divine planes due to your goal-oriented and idealistic nature. Be careful of fire. You will be interested in visiting foreign places, be miserly in disposition, emaciated, not happy, jealous, stammering in speech, troubled by bilious and windy diseases and complaints of heat, be skillful in performance, timid, religious, famous, not very thoughtful and will destroy others' wealth. You will be fickle-minded, enjoy pleasures, have bad nails, be bereft of brothers, be discarded by your father and have inactive (or unlucky) children. You are endowed with various kinds of wealth and are virtuous. Your spouse will belong to a base family, be virtuous and reproached. You will derive happiness and wealth in undesirable manners. (This is a classical reading, somewhat unchanged, and is ridiculously general if taken literally, so don't take it literally. Look to the energies and tendencies indicated herein, not the literal words).

Those born in Ashvini Nakshatra will have a beautiful countenance. The eyes will be bright and large, the forehead broad and the nose little bigger. You may appear to be very calm and quiet, but capable of getting your work done unnoticed by others. You are very stubborn in decision. This stubbornness is more predominant in the case of a person born during the period from April 14th to April 28th, when the Sun will be transiting your exaltation place in Ashvini and from October 14th to October 28th, when the Sun will be transiting your debilitation place in Swati. There is a saying that even Yama, the god of death, cannot change your adamant attitude. Those born in Ashvini of other months will have stubbornness in a lesser degree. You will remain faithful to those who love you and will not hesitate to sacrifice anything for such persons. Ashvini born is the best friend in need, provided others understand them. You are the best adviser to persons in agony, but you deeply resent and fear criticism, see suggestions from others as a frightening attempt at manipulation. You take your own time to do any work. Even so, your actions may be slow but well thought. You will not jump on any matter without examining pros and cons of each item of work. You cannot be easily influenced. Once you carry out an action or work, whether it is good or bad, right or wrong, you will stick to what you have done, come what may. You are a firm believer of God, but there is no room for religious or other sentiments. You are orthodox but in a new style i.e., you believe in modernization of orthodox method and belief. Even though you are quite intelligent, at times you make mountains of even small matters. This leads to a lack of mental peace and a desperate sort of mood. You are always interested in keeping the entire surroundings neat and clean. If the birth is in between 2 degree to 3 degree of Ashvini, you are very much arrogant for nothing. You may be a deceit and a smuggler. If all other combinations are good, you may have wealth but cannot enjoy it. You will bring bad name to the family. You are jack of all trades. You are generally fond of music and interested in literary pursuit. Periods up to your 30th years of age will be full of struggle. You have to face obstacles even for small matters. From the 30th year, there will be steady and continuous progress which will continue up to 55 years of age. One of the predominant features noticed is that you are very stingy, but your expenditures will be more than your income, due mainly to your pomp and show. You are inclined to meet your desires and needs at any cost. You love your family in entire sincerity. However, you are subjected to hatred by your own family members due to your adamant behavior. Affection that was expected and the care that was required, cannot be derived from your father. In other words, you and your siblings will be neglected by your

father. Whatever help you may derive is only from the side of your maternal uncle. Maximum possible help will come from those who are outside the family circle. Normally marriage takes place between 26 to 30 years of age. There will be more sons than daughters. Your health will generally be good. However if the birth is between 2 degree and 3 degree of Ashvini, your health will be poor. You are prone to migraine headache, heart trouble, etc. You must follow the remedial measures mentioned at the end of this chapter.

When the Moon is in this placement the intellect is sharpened and the mind becomes inquisitive and is drawn to creative pursuits. If not aspected by a benevolent planet, it brings nervousness, anxiety, restlessness and a lack of focus. But the restlessness may not always be negative in that it may make you search and go deeply into something, resulting in accomplishment.

Moon is in Aquarius or Moon is in Gemini or Moon is in Libra.

When the Moon occupies this house, you gain easy success. With the Sun in this position you have to work hard and the reward is not commensurate with your exertions. But in the case of the Moon, money flows to you easily, without much effort. You possess "many ornaments and different kinds of precious stones." Gifts from overseas come in abundance. Your mind is always free from worries, particularly if the planet is powerful and well aspected. You are blessed with a very efficient spouse and have many well-behaved children. Your social circle is amiable and friends occupy important positions in life. Your mother has a special affection for you, and you receive valuable gifts from her. Gains from government favor in respect of fame, authority and valuables are indicated. All your operations prove fruitless. You are blessed with daughters and gain from trade in a variety of items. Your daughters develop defects in themselves that may be physical or moral. Normally wealth does not stay with any one individual; but with you it brings more wealth. This is the house of friends, hopes and wishes; gains from business, profession, jewelry and elder brothers are indicated. Strong Moon in the 11th house makes you a treasurer or treasury officer. You are wealthy and have a charming spouse. Both the opposite sex and wealth are loyal and stable to you. Your fame will never fade, and you are frank, tactful, handsome, modest, noble, reputed, lucky, surrounded by sincere friends and riches, renowned and talented. There will be varied pleasures and benefit of conveyances. You are contented and cheerful, contemplative, imposing, and bold. You will have children, live a long life, are charitable and have attendants. Innocent acts characterize you. If the Moon in this house is waning, in depression sign or in the sign of a malefic or enemy, you are denied all the aforesaid pleasures and gains. You remain sick, involved in foolish acts and are ignorant. You will have more daughters than sons. Moon in the 11th house gives more acquaintances than friends. You will be wealthy, will have many sons, be long-lived, will have attendants, be intelligent, sharp, valorous, splendid, happy, wealthy, fortunate, be honored by the government, will face failures in undertakings, will obtain a son at age 50, be famous, endowed with conveyances and palatial buildings, will have more daughters, be intelligent, very learned, long-lived and will keep some hidden wealth.

because you feel you don't deserve much, very independent and accepting of hard work, interested in factual science and astrology and often found to be addicted to habits such as smoking or drugs. It is a beautiful combination for artistic expressions with lots of feeling. It is also good for being a worker for the upliftment of the downtrodden of the world. Aquarius is a very moody and depressive sign, often leading to mental depression, but with a twist of philosophy and religion involved. It can lead to very strong religious experiences and eventually a very strict mental composure.

You are one of "Saturn's own children". You are truly Saturnian in nature. This is good and bad. Saturn is not a worldly planet, and so you are not. Saturn is connected with bitter reality, such as hard work and inevitable death. It rules also old things and the highest truths. So, "Saturn's babies" are the type of people who are very thoughtful and philosophical, tend to like old things in general, such as belief in "original, primeval truth" and decorations such as antiques. They feel a strong connection to the masses, the downtrodden, the poor and the workers. Their minds are floating up in the air in order to feel liberated from the harsh realities of this life. They accept the fact that life is impossible to fully "cleanse and purify", so they are often quite comfortable with never leaving their smoking, drinking, sexual liaisons, and overall "lower class nature". They make excellent scientists, astrologers and doctors because they accept bitter truth and can deal with it, but they can be very cold to those who don't share this Saturnian nature. Those, whose Moons are worldly influenced can actually be quite scared by Saturn's own people. Saturn is a ghastly reality to many, and so those of us who are born in Saturn's own household can appear like the agents of morbidity. Saturnian people, who are comfortable in Saturn's dark domain of reality and truth, should exercise discretion in how they deal with those still attracted to this world's offerings lest they be repulsed by the frankness and down, dirty and straightforward honesty of your ways. You can be the ultimate friend of the dying, and the best counselor for those of whom the going has gotten really rough. Nothing scares you. You are already past the line of worrying about this life. You will probably never be able to be an "air-head" in this life, simply going about enjoying this world. With the truth of passing time and death approaching always on your mind, you instead devote yourself to higher, philosophical or religious pursuits.

Moon is aspected by Saturn, and Moon is in Aquarius.

Your thinking is not "normal" - it may be extreme in some way that others commonly don't share. Family life is strained and there is no peace of mind. You will generally work for large enterprises like the government, or big business. You are likely to be connected with other countries at different times, either in thought or trade. To make money in life, you will find yourself working very hard.

Aquarius is in 11, and Moon is in 11.

Sun

Defect of the eyes or problems in the mouth. Will have long illnesses and an incomplete education.

The Sun is in 2, and the Sun conjoins a malefic planet.

During Sun ruled times, money may come harder. You move your residence often. At some point diseases hit you hard. There may be serious sickness in childhood. You may work directly serving others in some way. You might be involved in importing/exporting.

The Sun is under star 3-Krttika, and the Sun is in star quarter # 3.

Eyes and looks defective, tolerant, tactful, wise, jealous, affluent, fond of music, danger from water. Firm, patient and obstinate. This placement indicates that you will have troubles from diseases of the face and eyes, will endure difficulties, will have an emaciated body, will not have many sons, will be beautiful (also means fortunate, nice, handsome etc.), will possess decorum, be wise, will be jealous of those with no children, be endowed with eatables, clothes and scents, will have knowledge of singing, playing musical instruments and dancing and will face risk from water.

The Sun is in Taurus.

Spiritual opportunities fail to arise for you, but you are provided with material affluence, renown, and honorable status, but these opulences do not satisfy the cravings of your heart.

Taurus is in 2, and the Sun is in 2.

You cannot make much money, or you will spend away your earnings.

The Sun is in Taurus, and Aries is in 1.

You have a number of friends and enemies and may occupy the position of a leader or an equally eminent position in an advisory capacity. You are easily pleased and always intent on work. You have beautiful eyes and a comely appearance.

The Sun is aspected by Jupiter, and the Sun is in Taurus or the Sun is in Libra.

Mars

Denotes poverty, limitations and privation. You might have powerful enemies.

Mars is in 12, and Mars is in Libra or Mars is in Pisces.

Loss of children and all possible trouble through spouse can be the result of this placement.

The ascendent is under star 1-Ashwini, and Mars is in star quarter # 3.

Mars externalizes inherent tendencies. The twelfth house being the repository of all one's past karmic forces and future possibilities, the presence of Mars here brings these forces to the surface. This is done in order to neutralize them so that you may be liberated from their binding effect. During this process you may often be unprepared to bear the pressure; your reaction creates further binding. Under the influence of

Mars is in 12.

Mars, you have the freedom either to liberate yourself from bondage and begin a new life or become more deeply immersed in layers of materiality. But if you have already cleared your past debts and no further undesirable forces are pending, your spiritual tendencies surface. In that case, you show genuine tendencies toward spirituality. Under negative conditions, you may be possessed by anger, lustful behavior, animosity against friends, depravity and criminality. When these tendencies are bravely faced, you may possibly free yourself to enter the heavenly gates of divine pleasure. If your past is already full of spiritual merit, the Martian effect will externalize it, and you may be an inspiring spirit who helps others progress courageously. It is possible that some physical illness may afflict you if you have the seed of such an illness in your karmic past, even while you are engaged in your spiritual mission. Whoever has Mars in the 12th will be fortunate in respect of brother. You may be a glutton and sexy, but get little pleasure from your spouse. A second marriage comes. You are truthful, generous, and excited and may be the founder of some organization. You might be without progeny or have few children, and no sons. Traveling abroad is indicated, and you get success at age 26. You are frank, but somewhat crude. Danger of falls, poison, accidents, headaches, blood impurities, secret vice, and dyspepsia in old age are indicated. There will be no accumulation of wealth. You may lose through theft, advances or misplacement. Mars in the 12th house brings about financial ruin. It attacks with such weapons, so severely and powerfully that even the strongest body shows the wound marks. This placement may indicate rumors to defame, scandals, disputes, strife or jealousy, trouble through servants, fear and sorrow due to dependence, and a life of misfortunes. You may suffer immediate loss of wealth. Beware of danger from thieves, burglars, weapons, and enemies. You are base, and depraved by own actions, and have a desire to extort others' wealth. Your eyes are transient, your mind restless, and you are mobile, cheerful, strong, prosperous, debauch, despondent and successful in gaining your end. You are hostile, and may be without wealth and spouse, are rude with own family members, aggressive, inconsiderate, and always tense. You may divulge secret information to the enemies and get contempt and imprisonment. You might die in seclusion or prison. You have the reputation of being a trouble creator amongst your friends by giving them wrong advice. You are extravagant, atheist, cruel, wicked and crafty, a boaster, and travel far. This placement denotes possible injury to left eye, ear, hand or foot of the spouse. If this Mars is well posited, the wound marks are short lived, if ill aspected or associated, they remain for a long time. Death of paternal uncles is indicated. You are wrathful, sexy, crippled, infidel, jealous of friends and relatives, unfriendly, agitated, disabled and suffer loss of reputation and wealth at age 45. You may suffer from troubles in throat, ears and eyes, blood infection, feverish complaints, cataract or heat stroke on eyes. Beware of secret or treacherous enemies, misadventures, accidents, slander, or scandal. Mars here indicates expenditure through enemies, crimes etc.

There is some indication that you will have two spousal relationships, but this is a very general reading. The cause of this reading is very common being in almost half of all charts. Therefore, take it as just one small indication in that direction, to be combined with other more powerful combinations which are more certain.

Unfavorable effects.

You distribute generously as you accumulate. A mixture of opposites-timid and bold, indolent and active. Anxious, successful as jailer, inspector, hotel keeper etc. Success through friends. Fear of drowning, fire, poisoning, disappointment in love affairs. (If afflicted, trouble through every source, especially due to own carelessness in speech and action.) Troubled by disease and indifferent children, lives in foreign lands, insulted by own relatives, loses wealth by cunning and cheating disposition, will be depressed in spirits, miserable, will disrespect elders and saintly persons, is unkind, desirous, fond of praises and sometimes will receive fame.

Your craving for idealism and your religious fervor will destroy your career prospects. Having lost many opportunities for self-development, you will also lose support from your siblings and your spouse may leave you, either through death or divorce.

Mercury

A lot of education is indicated.

Mercury in the second house bestows learning, command of language, sweetness of tongue and honorable surroundings and relations. It often happens, that lost wealth is gained again under the impact of Mercury; the wealth is regained by your own efforts and often as a result of your learning and educational abilities. You speak cleverly and skillfully and may take up the profession as a writer, businessman, principal, professor, or director of a company. Good for gaining wealth in general, this placement promotes conjugal pleasure, eloquent, critic of books, smartness and good learning in the early part of life. Gains through letters (college degrees), writings, lecturing, traveling, clerical jobs, commission agents, small commercial transactions, advertising, stationery orders and supply, books etc. and through jobs corresponding to the nature of the planet in good aspect or according to the sign it occupies.

This placement promotes communication and gives many friends, it also indicates strong emotions and the tendency to be overly sensitive to criticism. You may find that your relationships may be kept at some distance due to your emotional nature. Guard against making unreasonable demands upon your friends.

You are practical in your approach and firm. You enjoy power and are of beautiful appearance.

Your intellect is full of happiness and cheer, but you may be too cunning

when it comes to love, finding yourself attracted to more than one person. You like to use your intelligence to actually achieve worldly happiness in life. Your motto is that prosperity flows from good thinking.

Your physical surroundings will be comfortable, and you will have a high social status, but you are not considered happy. Your health will be weak, and you may travel frequently in connection with your work. Your wealth and property will not be commensurate with the amount of effort you expend. Above all, you will find it difficult to accumulate property. Hostility and possible litigation frequently pester you.

Jupiter

Jupiter is in 3 or Jupiter is in 8 or Jupiter is in 9.

Jupiter in the ninth house is very good for religion. It makes you attracted to rituals, observances, study of scripture and good association with others into these things. However, it also gives attraction to material achievement, recognition and status. You must learn that this later quality distracts from the earlier mentioned good qualities. Then only can religion be purified. Jupiter in the 9th is good for fame and prosperity, and means that you will visit sacred places, be charming, happy, skilled, perform sacrifice, and receive divine knowledge. It is one of the best possible Karmas because it represents being near to the end of cycles of birth and death. It will take care of you in many ways. It is not such a good indicator for the material father however. It makes you interested in devotion, and able to perform austerity, and be saintly and noble. You will probably at some point receive honor and servants. Jupiter in the 9th house will cause you to one day own a nice house and enjoy the respect of the higher class. You revere the saintly persons and say your prayers. You paint your house red, yellow and green. You receive support from authorities. You can be deeply arrogant however, and sometimes a real lush, performing little penance. You may end up an ascetic, virtuous, learned, observing fasts. It may also render you indigent, humiliated, diseased, or morally "fallen," but through these experiences Saturn guides you to that realm of consciousness where only the truth, the basic reality, exists. The experiences through which this final glory is perceived are very disorienting, but the bridge, once crossed, leads to enduring peace and harmony. This is your main birth chart shown in the North Indian Yantra Style. There are twelve houses. Each house governs different affairs of life. Each house has a sign occupying it and shaping it. The topmost triangle is the First House. The houses then proceed to the left, counter-clockwise, as the 2nd, 3rd, 4th, and so on. The sign occupying the first house is know as the Ascendent, Lagna or "Rising Sign". You have Aries Rising. Each house has a symbol near it's outer edge which is the symbol for the sign occupying that house. The signs are actual constellations visible in the night sky. The planets are always somewhere amongst these constellations. Your chart is the positions of the planets in the sky at the time of your birth. By noting the positions of the planets in the Signs and Houses as shown above, your readings take shape.

When your safety and happiness are threatened, you can be very strong in opposing those forces. You can also achieve strong mental connection with nature, the greater nature of the universe.

- * Your chart shows one of the famous "Pancha Mahapurusha Yogas", "the five planetary combinations, that create great people". They arise, when Mars, Venus, Mercury, Jupiter or Saturn occupies it's own or exaltation sign in the chart, while being in an angular or trinal house. These are very useful, but fairly frequently occurring Yogas and they do not always give the promised effects, as the involved planet needs to be strong, well-placed and free from Malefic aspects. In your case, it is Jupiter, creating "Hamsa Yoga", which means "Like a swan". This is a real compliment in India as the Swan represents purity and grace and is the bird of spiritual knowledge in the Vedic scriptures. If the Yoga manifests not only from the Ascendant, but additionally from the Moon and the Sun Lagnas, then it will be accordingly more powerful. If Jupiter is in its exaltation sign, the dispositor needs to be strong, in order to provide the results. A strong and well-aspected Jupiter will bestow good Jupiterian qualities upon the person, and when the planet is in an angle, the characteristics tend to also show on the physical level, as opposed to planets situated in trinal houses, that tend to manifest more subtly. Your body tends to be well built and healthy, and you should be liked by others. You are righteous, compassionate and generous in disposition and pure in mind. People with a strong Jupiter often have a philosophical, religious or creative nature, therefore, this placement is commonly found in the charts of religious, business, conservative or liberal leaders and teachers. Your life overall goes smoothly and you're protected and attract good fortune into your life. You tend to have a distinctive self-esteem, especially, if Jupiter is in the ninth house. It can also make a person self-promoting and overly opinionated, but even then they will probably always maintain some connection to divine truth, morality and ethics. Jupiter is the ultimate benefic amongst the planets, therefore this is an overall very blessed placement, and if it aspects the Ascendant or the Moon, the above mentioned qualities are augmented.

- * Aries in the Ascendant allows you to be fearless, ambitious, courageous, and eager to take initiative. An idealist by nature, you strongly want to contribute to society and you wish to change things. Routine is not for you, you like originality and fresh beginnings, and you want credit for your achievements. You create awe and radiate energy in achieving your goals, which makes others uncomfortable. You will find difficulties when dealing with women, education and expressing yourself. To obtain your highest potential, you need full freedom without restriction. Your idealism may create some contradictions. Outwardly you will be active, but inwardly lonely and frustrated. If you could be freed from mundane entanglements, you could readily attain to divine planes due to your goal-oriented and idealistic nature. Be careful of fire. You will be interested in visiting foreign places, be miserly in disposition, emaciated, not happy, jealous, stammering in speech, troubled by bilious and windy diseases and complaints of heat, be skillful in performance, timid, religious, famous, not very thoughtful and will destroy others' wealth. You will be fickle-minded, enjoy pleasures, have bad nails, be bereft of brothers, be discarded by your father and have inactive (or unlucky) children. You are endowed with various kinds of wealth and are virtuous. Your spouse will belong to a base family, be virtuous and reproached. You will derive happiness and wealth in undesirable manners. - * Those born in Ashvini Nakshatra will have a beautiful countenance. The eyes will be bright and large, the forehead broad and the nose little bigger. You may appear to be very calm and quiet, but capable of getting your work done unnoticed by others. You are very stubborn in decision. This stubbornness is more predominant in the case of a person born during the period from April 14th to April 28th, when the Sun will be transiting your exaltation place in Ashvini and from October 14th to October 28th, when the Sun will be transiting your debilitation place in Swati. There is a saying that even Yama, the god of death, cannot change your adamant attitude. Those born in Ashvini of other months will have stubbornness in a lesser degree. You will remain faithful to those who love you and will not hesitate to sacrifice anything for such persons. Ashvini born is the best friend in need, provided others understand them. You keep your patience even at the time of greatest peril. But it will be a hurricane task to console you when you go berserk. You are the best adviser to persons in agony, but you deeply resent and fear criticism, see suggestions from others as a frightening attempt at manipulation. You take your own time to do any work. Even so, your actions may be slow but well thought. You will not jump on any matter without examining pros and cons of each item of work. You cannot be easily influenced. Once you carry out an action or work, whether it is good or bad, right or wrong, you will stick to what you have done, come what may. You are a firm believer of God, but there is no room for religious or other sentiments. You are orthodox but in a new style i.e., you believe in modernization of orthodox method and belief. Even though you are quite intelligent, at times you make mountains of even small matters. This leads to a lack of mental peace and a desperate sort of mood. You are always interested in keeping the entire surroundings neat and clean. If the birth is in between 2 degree to 3 degree of Ashvini, you are very much arrogant for nothing. You may be a deceit and a smuggler. If all other combinations are good, you may have wealth but cannot enjoy it. You will bring bad name to the family. You are jack of all trades. You are generally fond of music and interested in literary pursuit. Periods up to your 30th years of age will be full of struggle. You have to face obstacles even for small matters. From the 30th year, there will be steady and continuous progress which will continue up to 55 years of age. One of the predominant features noticed is that you are very stingy, but your expenditures will be more than your income, due mainly to your pomp and show. You are inclined to meet your desires and needs at any cost. You love your family in entire sincerity. However, you are subjected to hatred by your own family members due to your adamant behavior. Affection that was expected and the care that was required, cannot be derived from your father. In other words, you and your siblings will be neglected by your father. Whatever help you may derive is only from the side of your maternal uncle. Maximum possible help will come from those who are outside the family circle. Normally marriage takes place between 26 to 30 years of age. There will be more sons than daughters. Your health will generally be good. However if the birth is between 2 degree and 3 degree of Ashvini, your health will be poor. You are prone to migraine headache, heart trouble, etc. You must follow the remedial measures mentioned at the end of this chapter.

- * When the Moon occupies this house, you gain easy success. With the Sun in this position you have to work hard and the reward is not commensurate with your exertions. But in the case of the Moon, money flows to you easily, without much effort. You possess "many ornaments and different kinds of precious stones." Gifts from overseas come in abundance. Your mind is always free from worries, particularly if the planet is powerful and well aspected. You are blessed with a very efficient spouse and have many well-behaved children. Your social circle is amiable and friends occupy important positions in life. Your mother has a special affection for you, and you receive valuable gifts from her. Gains from government favor in respect of fame, authority and valuables are indicated. All your operations prove fruitless. You are

blessed with daughters and gain from trade in a variety of items. Your daughters develop defects in themselves that may be physical or moral. Normally wealth does not stay with any one individual; but with you it brings more wealth. This is the house of friends, hopes and wishes; gains from business, profession, jewelry and elder brothers are indicated. Strong Moon in the 11th house makes you a treasurer or treasury officer. You are wealthy and have a charming spouse. Both the opposite sex and wealth are loyal and stable to you. Your fame will never fade, and you are frank, tactful, handsome, modest, noble, reputed, lucky, surrounded by sincere friends and riches, renowned and talented. There will be varied pleasures and benefit of conveyances. You are contented and cheerful, contemplative, imposing, and bold. You will have children, live a long life, are charitable and have attendants. Innocent acts characterize you. If the Moon in this house is waning, in depression sign or in the sign of a malefic or enemy, you are denied all the aforesaid pleasures and gains. You remain sick, involved in foolish acts and are ignorant. You will have more daughters than sons. Moon in the 11th house gives more acquaintances than friends. You will be wealthy, will have many sons, be long-lived, will have attendants, be intelligent, sharp, valorous, splendid, happy, wealthy, fortunate, be honored by the government, will face failures in undertakings, will obtain a son at age 50, be famous, endowed with conveyances and palatial buildings, will have more daughters, be intelligent, very learned, long-lived and will keep some hidden wealth.

If not aspected by a benevolent planet, it brings nervousness, anxiety, restlessness and a lack of focus. But the restlessness may not always be negative in that it may make you search and go deeply into something, resulting in accomplishment.

It is a beautiful combination for artistic expressions with lots of feeling. It is also good for being a worker for the upliftment of the downtrodden of the world. - * You are one of "Saturn's own children". You are truly Saturnian in nature. This is good and bad. Saturn is not a worldly planet, and so you are not. Saturn is connected with bitter reality, such as hard work and inevitable death. It rules also old things and the highest truths. So, "Saturn's babies" are the type of people who are very thoughtful and philosophical, tend to like old things in general, such as belief in "original, primeval truth" and decorations such as antiques. They feel a strong connection to the masses, the downtrodden, the poor and the workers. Their minds are floating up in the air in order to feel liberated from the harsh realities of this life. They accept the fact that life is impossible to fully "cleanse and purify", so they are often quite comfortable with never leaving their smoking, drinking, sexual liaisons, and overall "lower class nature". They make excellent scientists, astrologers and doctors because they accept bitter truth and can deal with it, but they can be very cold to those who don't share this Saturnian nature. Those, whose Moons are worldly influenced can actually be quite scared by Saturn's own people. Saturn is a ghastly reality to many, and so those of us who are born in Saturn's own household can appear like the agents of morbidity. Saturnian people, who are comfortable in Saturn's dark domain of reality and truth, should exercise discretion in how they deal with those still attracted to this world's

offerings lest they be repulsed by the frankness and down, dirty and straightforward honesty of your ways. You can be the ultimate friend of the dying, and the best counselor for those of whom the going has gotten really rough. Nothing scares you. You are already past the line of worrying about this life. You will probably never be able to be an "air-head" in this life, simply going about enjoying this world. With the truth of passing time and death approaching always on your mind, you instead devote yourself to higher, philosophical or religious pursuits.

Shared by: Martin Luther King, Timothy Leary, Winona Ryder, and Woody Allen.

- * Your thinking is not "normal" - it may be extreme in some way that others commonly don't share. Family life is strained and there is no peace of mind. You will generally work for large enterprises like the government, or big business. You are likely to be connected with other countries at different times, either in thought or trade. To make money in life, you will find yourself working very hard.

- * Mars externalizes inherent tendencies. The twelfth house being the repository of all one's past karmic forces and future possibilities, the presence of Mars here brings these forces to the surface. This is done in order to neutralize them so that you may be liberated from their binding effect. During this process you may often be unprepared to bear the pressure; your reaction creates further binding. Under the influence of Mars, you have the freedom either to liberate yourself from bondage and begin a new life or become more deeply immersed in layers of materiality. But if you have already cleared your past debts and no further undesirable forces are pending, your spiritual tendencies surface. In that case, you show genuine tendencies toward spirituality. Under negative conditions, you may be possessed by anger, lustful behavior, animosity against friends, depravity and criminality. When these tendencies are bravely faced, you may possibly free yourself to enter the heavenly gates of divine pleasure. If your past is already full of spiritual merit, the Martian effect will externalize it, and you may be an inspiring spirit who helps others progress courageously. It is possible that some physical illness may afflict you if you have the seed of such an illness in your karmic past, even while you are engaged in your spiritual mission. Whoever has Mars in the 12th will be fortunate in respect of brother. You may be a glutton and sexy, but get little pleasure from your spouse. A second marriage comes. You are truthful, generous, and excited and may be the founder of some organization. You might be without progeny or have few children, and no sons. Traveling abroad is indicated, and you get success at age 26. You are frank, but somewhat crude. Danger of falls, poison, accidents, headaches, blood impurities, secret vice, and dyspepsia in old age are indicated. There will be no accumulation of wealth. You may lose through theft, advances or misplacement. Mars in the 12th house brings about financial ruin. It attacks with such weapons, so severely and powerfully that even the strongest body shows the wound marks. This placement may indicate rumors to defame, scandals, disputes, strife or jealousy, trouble through servants, fear and sorrow due to dependence, and a life of misfortunes. You may suffer immediate loss of wealth. Beware of danger from thieves, burglars, weapons, and enemies. You are base, and depraved by own actions, and have a desire to extort others' wealth. Your eyes are transient, your mind restless, and you are mobile, cheerful, strong, prosperous, debauch, despondent and successful in gaining your end. You are hostile, and may be without wealth and spouse, are rude with own family members, aggressive, inconsiderate, and always tense.
